WHAT IS THE MARRIAGE HELPER WORKSHOP?

Leeta and her husband, Marriage Helper Clients

Many times, divorce has already been filed. Even in seemingly hopeless circumstances like this, our Marriage Helper Workshop still has a 70% success rate of saving the marriage.

Over 99% of attendees are satisfied with and would recommend our workshop. 70% means that nearly 3 out of every 4 couples attending our workshop will decide to stay together and will still be together 7 years later.*

*Independently verified

Marriage Helper workshop is a 3-day turnaround workshop, designed for couples and serving as the catalyst your marriage needs in order to transform into a happy, strong, and committed relationship.

In fact, all of the couples that come to our workshop are in situations just like yours.

For over 20 years, we have been helping thousands and thousands of people save their marriages from many different situations, such as: affairs, control, addictions, loss of connection, lack of communication, sexless marriage, and conflict.

HOW DOES IT WORK?

TIME - TESTED

Learn and be equipped with tools that actually work in marriages facing crisis. These tools have been fine-tuned over 20 years through working with real marriages in real crisis and desperate situations along with using the best research on what makes a strong marriage.

RESEARCH-BASED

All of the Marriage Helper workshop content and formatting is based on deep psychological research. Our proprietary process is designed to specifically work through teaching the tools that work as well as helping clients experience personal revelations and a plan to change the future.

GROUP FOCUSED

Actually, one of the things that makes this workshop so powerful is the group educational setting. In one-on-one counseling, people shut down and get defensive. People focus too much on reliving the past and not enough on a better future.

WHAT DOES IT COVER?

The Millers, Marriage Helper Clients

HOW TO FALL IN LOVE AGAIN

Our 4-step process called “The LovePath” will teach you how people fall in love and how people fall out of love. We teach you how to use this to rescue your marriage, even if only one person follows it. If an affair has affected your marriage, a powerful section covers how affairs happen and how they will end, as told by people who have experienced affairs personally.

HOW TO UNDERSTAND EACH OTHER

You and your spouse likely have extremely different personality styles which have led to conflict and resentment throughout your marriage. During the workshop, you will discover your personality style as well as your spouse's as well as a plan for how to interact with each other better than you ever have before!

HELP YOU FIND PEACE

Some people who attend the workshop are trying to decide whether or not they want to save their marriage. During the workshop, you will learn the things you need to know to have peace about whatever decision you make moving forward in your marriage.

STOP CONFLICT WITH YOUR SPOUSE

You will receive an in-depth assessment that will give you the road map you need to transform how you and your spouse communicate. You will actually learn how to resolve conflict so that both of you can win the argument!

AND MUCH, MUCH MORE...

We intentionally do not share the complete agenda of the workshop topics beforehand because it is best for success that clients do not attend the workshop with any preconceived notions. Trust us, this process has worked at saving over 70% of marriages for over 24 years.

HUGH

“So many are struggling here, and I know it’s so hard. The world is even more challenging these days which doesn’t help a bit. I wanted to give a word of praise for the Marriage Helper tools. They’ve really made a huge difference in our life. If you can apply even the smallest dose of Marriage Helper’s teachings, I truly believe your life will be enriched. Put in the work folks, it’s so worth it.”

JOSHUA

“There were many moments when I started asking myself questions like “what am I doing?” “Nobody does this.” But even though, at times, I did not have the strength to carry on, I never lost hope, even if I barely grasped onto it. We divorced in February 2019, and we’re getting remarried (to each other) next month. . Remember, it’s only crazy till it happens.”

JAN

“Two years post Marriage Helper Workshop, three years since I completed the Save My Marriage course. Our marriage is better, our friendship is better. For those feeling discouraged, there is hope. Work your PIES, jump back on the love path, heal, love yourself and fill your own cup first. It will overflow onto others.”

WE ARE ALREADY DIVORCED. CAN THIS WORKSHOP HELP?

Absolutely. Almost every month, we have at least one couple that is already divorced come to the workshop. In fact, we have had couples come that have been divorced for as long as 10 years! We have experienced many couples remarry from attending the workshop.

WHAT ARE THE WORKSHOPS BASED ON?

Our workshop was created in 1999 by Dr Joe Beam after studying tens of thousands of pages of social science research. Everyone is respected and the principles outlined in the workshop are helpful for anyone looking to save or strengthen their marriage.

WHAT MAKES YOUR PROGRAM BETTER THAN ANOTHER?

We strongly encourage you to not base your decision on price or location. The old saying is true: you get what you pay for. We have worked with thousands of people and have experienced amazing success rates with our couples. This workshop saves marriages.
